ABOUT

Brandon Bower grew up in Augusta, Georgia, where James Brown's soul and funk shaped his first idea of what a live show could be. He now lives in Virginia Beach and leads the Brandon Bower Band. He can play a quiet acoustic set on a patio, then a full-band night that keeps a dance floor busy.

His songs move between rock, funk, soul, country and blues, often in the same set. Before he came to Hampton Roads, he spent more than five years singing, playing guitar and writing for the touring band The Big Mighty. He has written more than fifty original songs.

Since 2023 the band has put out six singles on streaming services. In 2026 he played the Virginia Beach Town Center Summer Fest and shared the 17th Street Park bill with Carbon Leaf.
